INTRODUCTION

The purpose of this Handbook, which constitutes the House Rules and other essential information, is to provide guidelines that will promote harmonious occupancy of the units, to protect Residents from annoyance and to preserve the reputation and prestige of the Condominium thereby providing maximum enjoyment of the premises and its facilities.

The Management has the authority and responsibilities of amending the foregoing rules as may be deemed necessary, in order to upkeep the premises in good condition and to provide comfort and security to all its occupants.

All occupants and invitees in the Condominium shall be bound by these rules. It is the Management's desire to create awareness among all occupants that to achieve the common goal of condominium living, the cooperation of all occupants in complying with all the rules and regulations is required.

We appreciate your cooperation and welcome you to 76 Shenton.

SECTION 1 - DEFINITIONS

These Rules may be referred to as the **HOUSE RULES of 76 Shenton**, and are to be read in conjunction with the By-Laws laid out in the Second Schedule of The Supplement of Building Maintenance and Strata Management Act 2004.

In these Rules, unless the context otherwise requires:

“Common Property” means All Common Property in 76 Shenton shall have the same meaning as the term "Common Property" as defined in Section 2 of the Building Maintenance and Strata Management Act 2004.

“Condominium” means the Condominium known as “76 Shenton” including the Common Property.

“Guest” means a person other than the Resident and is in the Condominium at the invitation of the Resident but does not include their maids and/or employees.

“Management” means (i) the Developer and/or the Managing Agents (as the case may be) in relation to the period prior to the constitution of the Management Corporation for the Condominium (ii) the Management Corporation of the Condominium in relation to the period on or after the constitution of the Strata Title Plan in respect of the Condominium.

“Managing Agent” means a person or a company who is appointed by the Owner Developer or Management Corporation to manage the day-to-day operation of the Condominium.

“Owner Developer” means M/S Hong Leong House Pte Ltd.

“Relevant Authorities” shall include but not limited to Building and Construction Authority, Energy Market Authority, National Environment Agency, Fire Safety and Shelter Department, Singapore Telecommunications, etc.

“Resident” means The Occupier of a Lot whose definition shall, where appropriate, include a Subsidiary Proprietor or any person authorised to occupy the Lot as a tenant or lessee thereof and shall include the members of the family of such Occupier provided that the term, ‘member of the family’ shall not include Guests, servants or agents.

“Subsidiary Proprietor” means a person or persons holding legal titles to a strata Lot in 76 Shenton or where separate titles are not issued yet, it includes purchasers whose name appear in the Sale and Purchase Agreement.

“Lot” or “Unit” shall mean a stratum, which is shown as a lot on strata title plan, and includes a lot specified as an accessory on any such plan.

SECTION 2 – GENERAL RULES AND REGULATIONS

A. RULES AND REGULATIONS

The House Rules shall bind all Residents and invitees in the Condominium. The Residents shall be responsible for the acts of his invitees and any other person(s) related to him.

Once an apartment is leased out, the entitlement to the use of all the facilities is automatically transferred to the lessee and the lessor is no longer entitled to use these facilities as the lawful registered owner.

The Management reserves the right to amend, add or delete any Rules and Regulation contained herein. Subsidiary Proprietors and residents shall be notified at least one (1) week in advance before the changes take effect.

All Subsidiary Proprietors and residents shall comply with the Rules and shall:

1. Use the Condominium or Unit for its approved purpose only and not use or permit the Building or Unit to be used for any illegal purposes which may be injurious to the reputation of the Building or do or permit to be done anything that may annoy or in any way interfere with the quiet enjoyment of the other Residents or interfere unreasonably with the use and enjoyment thereof by other purchasers, their families, permitted tenants or visitors;
2. Use the Unit or permit it to be used in such a manner or for such a purpose as to cause a nuisance or danger to any other purchaser or the family, permitted tenants or visitors of such other purchaser;
3. Not throw rubbish, rags or other refuse or permit the same to be thrown into sinks, baths, lavatories, cisterns, water or soil pipes or throw or allow to fall any refuse or rubbish of any description on the common property or any part in the Condominium except in the rubbish bins and chutes provided for the purpose;
4. Not throw into the bins or out of the windows any inflammable object (including tin cans used for inflammable contents and cigarettes butts), or glass of any kind (including bottles or any china wares), or big boxes and hard board or liquid of any kind. All breakable articles and/or bulky refuse must be packed and placed in the main bin centre;
5. Not install any television, radio or other antenna on any part of the Common Property thereof of the Condominium or Unit without the prior written approval of the Management;
6. Not affix or erect any shade, blind, aerial, awning, grill, exhaust fan or the like to the windows, balconies or other covering or enclosure or the like to the common lobbies or the exterior areas of the Unit without the prior written approval of the Management and the relevant Competent Authorities;
7. Not put any name, writing, signboard, plate or placard of any kind on any window or veranda or on the exterior of the Condominium or Unit or any part thereof;
8. Not to hang or dry or permit the hanging or drying of any clothes, linen, washing and such like articles beyond the strata unit area or display any item on window ledge or exposed outside the Condominium or Unit or any part of the Common Property which is likely to adversely affect the facade of the Building or any part thereof except in the area designated for such purpose specifically provided for in and upon the Unit or with the prior written consent of the Management and the relevant Competent Authorities;

9. Not store or place or allow to be stored or placed any personal belongings along the corridors, staircases or any part of the Common Property which may cause obstruction or nuisance to the other Residents;
10. Not place, store or allow to be placed or stored any structure/equipment/property/thing on the Common Property, which may obstruct or permit the obstruction of any walkway, pavement, entrance, corridor, lobby, stairway, fire escape, road or any other area of the Common Property. The Management may without prior notice remove such structure/equipment/property/thing and the cost of such removal shall be recovered from the Subsidiary Proprietor concerned;
11. Not to store or use as any substance or material as fuel in the Unit which may give rise to smoke, fumes or obnoxious odour;
12. Not to place potted plant(s) or other objects on any common area or on the window ledge(s) or in a manner which may pose as a safety hazard and cause danger to other residents of the Condominium or passers-by or the Unit below;
13. Not to mark, paint, drive nails or screws or the like into, or otherwise damage or deface any structure that forms part of the Common Property without the prior written approval of the Property Manager and the relevant Competent Authorities;
14. Not burn joss papers at the lobbies, staircases, corridors, basement, e-deck or any part of the Common Property except at designated area(s) and in such manner prescribed by the Management;
15. Not hold funeral service or wake in the Common Property except in the Purchaser's Unit;
16. Not skate or roller blade in the Common Property;
17. Not ride or use bicycles, tricycles and the like at the corridor, stairway, lobby or lift, or on any part of the Common Property;
18. Not place advertisements, circulars or notices in the letterboxes or on any part of the Common Property nor distribute them door-to-door without the prior written approval of the Management. He may not give permission to a third party to do so unless he has the prior written approval from the Management;
19. Not obstruct the lawful use of the Common Property by any other person;
20. Not allow other uses on the rooftop unless prior written approval of the relevant competent authority and the Property Manager or the Management Corporation (when formed) are first had and obtained;
21. Not to access any or all of the reinforced concrete flat roofs except for maintenance purposes by the Management or the Management Corporation (when formed) or its agents appointed contractors or in times of emergency.
22. Not insert or deliver any junk mails to letterboxes.
23. Not permit their children or visitors to play in the stairways, roads, car park areas, entrance of guardhouse and exit of the development. Residents and their children are not to use the common walls or floors for ball playing, skateboarding or cycling or to deface the walls or common areas.

24. Not hold a barbeque at the communal landscape areas at all times; barbeques shall be held at the designated barbeque pit.
25. Not place altar either on the floor or on the wall outside the unit main door whereby the external appearance of the development is affected.
26. Not to damage, misuse or remove the Condominium's furniture, furnishings, fire-fighting equipment or other common property from their location.

Please observe and comply with By Laws further set out in Section 5 under the Second Schedule of The Building Maintenance and Strata Management Act (2004).

B. BUILDING MAINTENANCE

The Subsidiary Proprietor shall allow the Management and its agents at all reasonable times and on reasonable notice being given (except in case of emergency when no notice is required) to enter his Unit for the purpose of -

1. maintaining, repairing or renewing sewers, pipes, wires, cables and ducts used or capable of being used in connection with the enjoyment of any other unit in the Building or the Common Property;
2. maintaining, repairing or renewing and the carrying out of cyclical maintenance, repair, upkeep and cleaning work to the building façade and external walls and Common Property;
3. executing any work or doing any act reasonably necessary for or in connection with the performance or the enforcement of the stipulations contained in this Resident's Handbook;
4. access to Gondola supports/brackets and/or metal platforms (collectively "gondolas") (if any and if applicable) may be provided at the external wall, planter, air-con ledge, for the installation of gondolas.
5. shall allow access to and facilitate space for the Management Property Manager or the Management Corporation (when formed) in relation to the matters mentioned in the above.

The Subsidiary Proprietor shall also without delay carry out all work directed by any Competent Authority in respect of his Unit to keep it in a state of good repair and condition, other than such work for the benefit of the Building generally, and pay all assessments, charges and outgoings which are payable in respect of his Unit.

C. WASTE DISPOSAL

To avoid blockage of refuse chambers caused by improper use, kindly adhere to the following instructions: -

1. Loose or wet kitchen waste should be sealed in plastic bags before disposing into the refuse chute. Use only suitable size (maximum size appropriately 300mm) refuse bags. The refuse bags should easily be able to pass through the volume-controlled hopper.
2. To avoid chokage, the following should not be thrown into the refuse chute: -
 - i. Heavy items, appliances and / or bulky items;;
 - ii. Highly expandable items such as pillows and foam, crushed plastic wraps, crushed or folded carton boxes and unwanted clothing as they will expand inside the refuse system and cause blockage;
 - iii. Large quantities of books, magazines or newspapers;
 - iv. Long objects and bundle of ropes, blankets, etc.;
 - v. Flammable or burning hot items (e.g. lighted cigarette butts, hot coal) as they are fire hazards;
 - vi. Construction debris such as timber, bricks, tiles, cement, concrete, sand, stones, metals, plastics, renovation waste, etc.;
 - vii. Potteries from garden waste etc.;
 - viii. Corrosive chemicals such as acids, alkalis, paints, etc.
3. Residents are to arrange for unwanted furniture or bulky items to be disposed out of the Condominium at their own cost.
4. Breakable items such as glass bottles, etc., should be properly tied up and brought down to dispose into the appropriate recycle bin provided.

D. PETS

1. Only household pets may be kept by Residents.
2. Pet owners are to ensure that their pets do not cause nuisance or disturbance to other Residents.
3. All pet owners shall observe the following: -
 - i. Pets are not permitted in the Clubhouse and Recreational Facilities areas.
 - ii. Pets are not allowed into water features / swimming pools or to drink water from such areas.
 - iii. Pets must comply with the licensing requirement set forth by the Agri-Food & Veterinary Authority of Singapore (AVA).
 - iv. For the safety of other Residents, especially children, pet owners shall always keep their dogs leashed and / or muzzled (as specified by AVA) at all times whilst in the common areas of the Condominium.
4. Pet owners are not allow unleashed dog or any other unattended pets in or around the Common Property.
- 5.. Pet owners shall ensure that they clear up any animal excrement left by their pets in the Common Property.
6. Pet owners are accountable for the cost of repairing and cleaning up any area damaged or dirtied by their pets.

E. BUILDING FAÇADE

It is intended that the exterior façade of the building shall always maintain a uniform appearance. As such, the following shall apply to all the Subsidiary Proprietors, Tenants, Residents or Occupiers : -

1. No laundry, bedding, clothing or any other articles shall be hung / placed by the windows in such a manner as to be visible from the exterior of the building.
2. No laundry poles, clothing lines or other fixtures (whether temporary or permanent) shall be used in such a manner as to extend and / or project out of the window of any Unit to the exterior of the building
3. No removal and / or replacement of the whole or any part of the window is permitted unless prior written approval from the Management is obtained.
4. Installation of grilles to main entrance window and solar film must conform to the approved design and / or color code specified by the Management.
5. Main entrance door grille to be installed within the strata boundary of the Unit and should avoid swing open towards the entrance of neighboring Unit.
6. All other grilles and solar film to be installed within the internal side of the Unit and behind the window.
7. To obtain Acknowledgement from the Management before commencing any grille/ solar film installation.

SECTION 3 – GENERAL GUIDELINES

A. Renovation Works

1. General

- (a) A Subsidiary Proprietor who intends to carry out any renovation, alterations or additions to a Unit (“the Works”) must submit an application to the Management before carrying out any of the said works. The application for renovation works should be made in the prescribed forms, that is Form R1, together with Forms R2, R3 and R4 (see Appendix 1). All relevant documents such as plans / sketches, approvals permits granted by or obtained from the relevant authorities (if necessary) must be submitted together with the application forms.
- (b) The Subsidiary Proprietor must furnish the Management a works schedule specifying the commencement and estimated completion dates and brief details of the Works to be carried out no less than seven (7) days prior to the commencement of work.
- (c) The Subsidiary Proprietor shall ensure that the proposed works to be carried out will not in any way affect the structure of the premises or the Common Property.

Arrangement for Power Gas turn-on should be done only after completion of the renovation works.

- (d) The Management’s permission granted to the Subsidiary Proprietor to carry out works pursuant to the application under B.1(a) above shall not in any way relieve the Subsidiary Proprietor from its sole responsibility of ensuring (i) that all relevant governmental approval(s), licence(s) or permit(s), if required, are obtained in respect of the laws, rules or regulations pertaining to the Works, (ii) that all Works are carried out in accordance with the Works schedule and at all times in compliance with applicable Building laws, statutory rules or regulations and the Condominium’s guidelines and rules as may be prescribed and applicable from time to time, (iii) where necessary, the appointment of a qualified person to oversee and/or certify the Works and any part thereof and (iv) that the Works or any part thereof are carried out by licensed contractor (e.g licensed electrical worker, licensed plumber, etc.)

Further, the Management’s permission granted to the Subsidiary Proprietor in respect of the carrying of the Works hereunder shall not be deemed or treated as an approval of the work method. The execution of the Works or any part thereof shall at all material times be the sole responsibility of the Subsidiary Proprietor. Therefore, the Subsidiary Proprietor is strongly advised to go through the details of the Works with their appointed qualified person or contractor and to ensure the structural integrity of the Unit and that the existing concealed electrical wiring, gas, air-conditioning and water pipes in the Unit are not damaged during the course of the Works.

- (e) Due care and caution must be exercised at all times during the Works period to ensure that no disturbance, nuisance or annoyance is caused to the other Residents.
- (f) The Subsidiary Proprietor also undertakes to indemnify the Management against any legal proceedings or suits arising from the Works regardless of whether or not it arose from the negligence of the subsidiary proprietor, its

contractor (independent or otherwise) or any of their servants, agents, employees or sub contractors.

2. Type of Work

The Subsidiary Proprietor's appointed contractor and its listed sub-contractors ("Appointed Contractor") can only carry out the type(s) of Works specified in the renovation application to the Management.

3. Permitted Hours

(a) The Works can only be carried out within the following times:

Mondays to Fridays	-	9.00am to 5.30pm
Saturdays	-	9.00am to 1.00pm

(b) No Works are allowed to be carried out on Sundays and Public Holidays.

(c) The Subsidiary Proprietor shall obtain the prior written permission from the Management in the event of a need to carry out any Works beyond the hours as specified in the Clause 3(a). Permission may be granted only if the Works do not in any way affects the quiet enjoyment of the other Residents.

4. Security Deposit

When a Subsidiary Proprietor submits an application for renovation works, he is required to place a refundable deposit of S\$2,000.00.

Subject to the Management being satisfied that the Subsidiary Proprietor has complied with all conditions stated herein and that the completed renovation works have not dirtied or caused any damage to the Common Property, the deposit will be refunded to the Subsidiary Proprietor free of interest. In the event that any damage is caused (including but not limited to the dirtying and vandalising of the common property), the Subsidiary Proprietor shall be fully liable to rectify them within seven (7) days from the notice served by the Management, failing which the Management reserves the right to make good the damage, deduct the rectification costs from the deposit and recover any remaining costs from the Subsidiary Proprietor. The Management shall forfeit the deposit if any of the conditions herein is not complied with.

Subsidiary Proprietors are advised to check with the Management before releasing the final payment to their Appointed Contractor.

5. Security

(a) Before entering the Condominium to carry out the renovation works, all workers of the Appointed Contractor shall register with the security staff at the guard house, indicating the Unit which they are carrying out the renovation works and exchanging their identity card, work permit or any identification documents for a security pass. All workers shall wear and display their security passes at all times within the Condominium.

(b) The Subsidiary Proprietor shall be responsible for the good conduct and behaviour of his Appointed Contractor while in the Condominium.

(c) The renovation works must be carried out within the Subsidiary Proprietor's Unit and under no circumstances are works allowed to be carried out in the Common Property. The workers shall not loiter in the Common Property.

- (d) Any worker found misbehaving or refusing to comply with the security procedures shall be evicted from the Condominium and barred from further entry.
- (e) All contractors and sub-contractors shall ensure that all their foreign workers possess valid work permits.

6. Protection to Common Property

The Subsidiary Proprietor shall ensure that his Appointed Contractor takes all necessary precautions to protect the Common Property (particularly the lifts, passageways leading to the Unit) during the renovation. Protective covers should be provided by the Subsidiary Proprietor or his Appointed Contractor, at their own expense.

7. Removal of Debris

- (a) All Appointed Contractors are required to remove their own debris from the Condominium daily or at such intervals so directed by the Management. If the debris is not removed at such intervals as stated above, the Management may proceed to engage other workmen for the removal and the cost arising therefrom will be recovered from the Subsidiary Proprietor, by deducting the same from the deposit at the rate of S\$500 (exclusive of prevailing GST) per lorry load calculated to the nearest whole lorry per occasion. The labour cost shall be calculated at the rate of S\$200 (exclusive of prevailing GST) per workman per day. The Management or his workmen shall not be responsible for any loss of stocks, goods, parts, etc whilst carrying out such clearance.
- (b) Disposal of debris/renovation garbage through the water pipe or refuse chute is strictly prohibited. The Management may proceed to engage plumber/contractor to clear the chokeage and the cost arising therefrom will be recovered from the Subsidiary Proprietor, by deducting the same from the deposit.

8. Obstruction to Common Passage, Fire Escape etc.

The Subsidiary Proprietor shall ensure that all renovation materials are stored within his Unit as any obstruction to the common corridors, fire escape routes etc shall be immediately cleared away by the Management and all costs incurred therefrom shall be charged to the Subsidiary Proprietor concerned.

9. Limit of Work Space

The Subsidiary Proprietor shall ensure that all repairs/renovation works are carried out within the confines of his Unit.

10. Cleanliness

The Subsidiary Proprietor shall ensure that his Appointed Contractor maintains the general cleanliness of the Common Property used by the workers. Any area dirtied shall be cleaned up immediately to the satisfaction of the Management.

11. Lifts

- (a) Only the designated lift is allowed to be used.
- (b) The Subsidiary Proprietor shall ensure that adequate protection is taken to protect the lift walls, flooring and fittings (including the provision of

appropriate protection covers at his own expense) when using the lift for carrying out the works.

- (c) No heavy machinery is allowed in the lift and the Subsidiary Proprietor shall ensure that there is no overloading of the lift.

12. Electricity

All installation works carried out shall comply with the latest issues of the Singapore Standard and Code of Practice and shall be governed by all relevant regulations on electricity supply.

The Subsidiary Proprietors are responsible for the down-stream power supply to their Unit.

13. Electrical Equipment

Installation of air-conditioning units is only permitted in areas designated for such installations. Except for the foregoing and unless approved in writing by the Management, no Subsidiary Proprietor shall install any wiring for electrical or telephone installations or install any machines or air-conditioning units or other equipment or appurtenances whatsoever on the exterior of the Unit or Building or protruding through walls, windows or roofs thereof, whether or not visible from the outside of the Building.

14. Replacement of Floor Tiles and Other Alteration and Addition at Wet Areas

The kitchen, utility and wc are designated as wet areas, and a layer of waterproofing membrane is laid below the tiles of all wet areas. In order to prevent possible water leak to the ceiling of the immediate lower floor Unit, Subsidiary Proprietors are advised not to replace the floor tiles at wet areas.

In altering or removing existing water closets, wash basin, longbath, etc. precaution should be taken against damaging the floor slabs and water proofing membrane

Where there is leakage at the ceiling of a Unit which is traced to originate as a result of the Unit immediately above, the Subsidiary Proprietor of the Unit above shall be responsible for the costs of rectifying the leaks and make good any damage caused to the Unit.

15. Others

- (a) The Subsidiary Proprietor shall allow the authorised officer of the Management access into the Unit under renovation for the purpose of checking that no unauthorised work has been or is being carried out.
- (b) The Management in its absolute discretion reserves the right to reject any application and revoke any approval/permit granted. The Management shall not be liable for any cost or damage arising from the rejection of the application for renovation or the revocation of the approval/permit.
- (c) Subject to the prior written consent of the Management and subject to approval being obtained from the relevant authorities, repair, renovation, alteration or additional works are to be carried out by the Subsidiary Proprietor at his cost and expense and under the following conditions:-
 - (i) no hacking of any walls, beams, slabs, columns etc. that are structural members;

- (ii) no re-location of the water and sanitary system;
 - (iii) no re-running of the electrical system;
 - (iv) no re-running of the gas piping system;
 - (v) no alterations or re-location of external doors and doorways;
 - (vi) no raising of the floor level or increasing the total load of the floor;
 - (vii) no sunshades or awnings of any design or shape;
 - (viii) no permanent or retractable clothes hanger.
- (d) No pneumatic drills are permitted to be used during the renovation works. Not more than two electric drills shall be permitted to be used at each occasion.
- (e) Precaution should be taken against damaging the concealed electrical wiring, gas piping, water piping, air conditioning pipe and the floor slabs. It is the responsibility of the Subsidiary Proprietor and his contractor to ensure such pipes and wirings are not damaged during the renovation works.
- (f) Insist that your renovation contractors use detector to locate the exact position of concealed pipes and conduits in the walls and floors in order to avoid damage to these installation.
- (g) If any of the above rules are breached, the Management has the right and authority to stop or prevent any one from undertaking or continuing with any works.

16. Commercial Units

- (a) Draining of Sprinkler system

Any proposed alternation to the sprinkler system must be submitted on plans (3 sets) duly prepared by the Building M&E Consultant for endorsement by the Management. The Management will retain a copy of such proposed plan. Thereafter, the Subsidiary Proprietor concerned must submit to the Fire Safety Bureau for approval. The work shall be carried out by the Project Sprinkler contractor.

Any proposed discharge of the sprinkler system will be charged at \$300 (subject to GST) each time payable to "Hong Leong House Pte Ltd-76 Shenton MF A/C". The Management reserves the right to inspect the Unit without notice from time to time. The application for the draining of sprinkler system should be made three (3) days in advance.

- (b) Signage
The Subsidiary Proprietors are to apply for the appropriate advertisement licence for the Unit's signage.
- (c) Control of External Façade
- i) Removal of shop front glass panel is not allowed.
 - ii) Installaiton of roller shutter is not allowed .

[SEE FORM R1, R2, R3 & R4]

B. HOUSE MOVING

1. Prior Notice

The Resident shall submit to the Management the prescribed application form (see Appendix 2), seven (7) days prior to any house moving.

2. Permitted Hours

(a) House Moving can only be carried out within the following times:-

Mondays to Fridays - 9.00am to 5.30pm

Saturdays/Sundays - 9.00am to 1.00pm

Public Holidays

(b) The Resident shall obtain the prior written consent from the Management in the event of a need to carry out the house moving beyond the hours as specified in clause 2(a) above and provided that the works do not affect the quiet enjoyment of the other Residents.

3. Security

- (a) Before entering the Condominium to carry out the moving works, all workers of the movers appointed by the Resident shall register with the security staff at the guard house, indicating the Unit which they are carrying out the moving works and exchanging their identity card, work permit or any other identification documents for a security pass. All workers shall wear and display their security passes at all times within the Condominium.
- (b) The Resident shall be responsible for the good conduct and behaviour of his movers and its workers while in the Condominium.
- (c) The workers of the movers shall not loiter in the Common Property.
- (d) Any worker found misbehaving or refusing to comply with the security procedures shall be evicted from the Condominium and barred from further entry.

4. Lift

- (a) Only the designated lift is allowed to be used.
- (b) The Resident shall ensure that adequate protection is provided to secure the lift walls, flooring and fittings (including the provision of appropriate protection at his own expense) when using the lift for carrying out the works.
- (c) Strictly no overloading of lift is allowed.

5. Cleanliness

- (a) The Resident shall ensure that his movers maintain the general cleanliness of the Common Property used by his workers. Any area dirtied shall be cleaned up immediately to the satisfaction of the Management.

- (b) No debris is allowed to be disposed on the Common Property. All debris must be removed off site from the Condominium upon completion of work at the end of each day.

6. Refundable Deposit

When submitting the application for house moving, the Resident shall pay a deposit of S\$2,000.00 to the Management. The deposit will be refunded to the Resident subject to compliance with the conditions stated herein and to all claims due to damage to the Common Property arising out of or in the course of the execution of the works.

7. Movers' Vehicle Size

No containers are allowed into the Condominium. Max height is 2.2M and length not exceeding 14 ft.

8. Accessibility of Items

Owners are to ensure that their furniture, furnishings and other bulky items are accessible through the lifts and staircases prior to moving in and out of the Condominium.

The Management will not be held responsible for such items which will not be able to be shifted in and out during the said process.

[SEE FORM HR1 & HR2]

C. CAR PARKING

1. Season Parking

- a) The 2nd to 4th storey car park lots are reserved for season parking only. Vehicle access is granted through registration of car IU number and payment of season parking charge on a first-come-first-serve basis.
- b) Occupiers may apply for season parking label from the Management at 76 Shenton Management Office. The application should be made in the prescribed form (Appendix 3)
- c) The parking charges are as follows:
 - (i) Occupier - S\$180.00 per month (Subject to GST)
(Limited to one car per unit) (Payable quarterly in advance)
 - (ii) Occupier Subsequent Car - S\$240.00 per month (Subject to GST)
(Subject to availability) (Payable Monthly basis in advance)
 - (iii) Motorcycle - S\$30.00 per month (Subject to GST)
- d) Priority will be given to the occupier's first vehicle. Application for season parking for the Occupier's first vehicle will be issued from the 1st to 15th of each calendar month. Thereafter, the parking lots will be released for sale to Occupier's subsequent vehicles on a first-come-first-serve basis.
- e) Application for season parking under Clause C above are subject to the following:-
 - (i) The vehicle is owned by the Subsidiary Proprietor/Tenant. Documentary proof of ownership must be submitted to Management upon registration.
 - (ii) The vehicle is owned by a member of the immediate family of the Subsidiary Proprietor/Tenant residing permanently or operating business at the Development; or
 - (iii) The vehicle is company owned and used by the Subsidiary Proprietor/Tenant or their employee. A letter from the company must be produced indicating the driver's particulars who must be a Subsidiary Proprietor/Tenant or their employee.
- f) Season parking label will only be issued in respect of cars, small vans, and other light vehicles classified as class 3 vehicles according to the Road Traffic Act. Season parking label will not be issued for heavy vehicles.

[SEE FORM P1]

D. Proximity Access Card

1. As part of the enhanced security system, access to the following areas is granted through the use of Proximity Card: -
 - a. Main lobby ;
 - b. Service Lift Cars to the designated floor ;
 - c. Pool deck level ; and
 - d. Gymnasium
2. For entry into the Gymnasium, Residents need to flash their Proximity Card at the reader positioned at the Gymnasium entrance. For exit through the Gymnasium, simply press the exit button located near the door.
3. For access into the Resident's Unit via common lift, the Residents need to flash their Proximity Card at the reader located inside the lift car, followed by pressing the respective floor of the Unit. The lift will then bring the Resident to the specific floor.
4. The issuance of additional Proximity Card will be considered on a case-to-case basis and the applicants are required to produce documentary proof of ownership and residence and at the discretion of the Management.
5. Application for additional or replacement of proximity access cards may be submitted by the Subsidiary Proprietor to the Management Office in the prescribed form (see Appendix 4 -Form PA) together with a copy of any legal document to prove their ownership of the Unit. In the case of a lost proximity access card, a letter declaring the loss must be submitted together with the application form. A fee of S\$30.00 (exclusive of prevailing GST) is levied for each additional or replacement proximity access card.
6. A tenant is required to obtain a letter of authorization from his landlord (i.e. the Subsidiary Proprietor) to instruct the Management to issue to the tenant the proximity access card. The name of the tenant must be expressly mentioned in this letter.
7. Visitors at the Condominium will not be eligible for a proximity access card.
8. When the Unit is sold, it is the responsibility of the Subsidiary Proprietor of the Unit to hand over all Proximity Cards issued for that Unit to the new Subsidiary Proprietor of the Unit.

[SEE FORM PA]

E OWNER OCCUPANCY/ TENANCY UPDATE

1. A Subsidiary Proprietor shall give notice in writing to the Management of any change of address for service of notices on him. If the Subsidiary Proprietor has sold his Unit, he must within ten (10) days of the completion of the sale/transfer give to the Management a notice specifying the name of the transferee(s) in full and an address in Singapore for the service of notices on the transferee(s) and the date of the transfer. The said notice shall also be certified by the transferee(s) or his solicitors that the information contained in the notice are accurate and correct.
2. A Subsidiary Proprietor shall give notice in writing to the Management if he has leased out his Unit. Such written notice must be given to the Management on or before the tenant/lessee takes possession of the leased unit and shall specify the full name of the tenant/lessee and the occupant(s), the date of hand over of the Unit and the contractual date and expiry of the lease/tenancy. Please complete and furnish the ownership/ occupancy records to the Management accordingly.

Booking shall be made through the Condominium Web Portal at the payment of the Facility Usage Fee of S\$50 (subject to GST) (non-refundable) per booking per session and the Security Deposit of S\$200 exclusive of prevailing GST (refundable) shall be made at Management Office within three working days otherwise your booking will automatically be cancelled without further reference to the applicant. Once your booking is cancelled, the time slot will be re-opened to others in the Waiting list.
3. The Security Deposit will be refunded, free-of-interest, within one (1) week after the booked session on the condition that the MPR and the associated apparatus are handed over in a clean and satisfactory condition as determined by the Management. Any expenses incurred by the Management for repairing any damage caused or for cleaning the MPR and its surrounding area shall be deducted from the deposit, the Residents will have to pay the difference. Residents who fail to make such payment or settlement may be barred from other bookings of the Condominium recreational facilities.
4. Advance Booking can be made by Residents for up to a maximum of two (2) months on a first-come-first served basis.
5. Each unit is entitled to book up to maximum of one (1) session per calendar month subject to availability of the MPR.
6. Unless due to inclement weather, any cancellation of booking shall be made known to the Management Office or through the Condominium Web Portal at least one (1) week before the date booked. Failing which the Management reserves the right and at its sole discretion to forfeit the Facility Usage Fee.
7. The maximum number of Guests per session shall not exceed Twenty (20) persons. Guest list must be given to the Management to facilitate security control and guest easy access into the condominium.
8. The MPR will only be used for functions/birthday parties approved by the Management. It will not be used for functions in connection with religious, political or immoral activities.
9. Simple decorations (such as hanging of balloons, banners, ribbon, etc) are allowed but care must be taken not to damage the structure and paintworks. All decorations must be removed immediately after the session.
10. The host(s) shall be responsible for the good conduct and behaviour of all persons attending the function. There should not be excessive noise or nuisance caused to other Residents.
11. Food/beverage shall not be consumed at the pool deck area but shall be confined to the MPR and outdoor dining area only.
12. Cooking of food is to be confined only in the MPR only. No cooking is allowed in the outdoor dining area. General cleanliness of the room must be maintained. The

room must be cleaned and all articles and refuse are to be removed immediately after the use of the room.

13. The host(s) shall obtain proper licences/permits from the relevant authorities for holding the function where it is necessary.
14. For crowd management purposes, the maximum number of Guests at any one time is limited to 20 persons. The Residents shall ensure their Guests observe the House Rules contained herein.
15. Smoking is strictly prohibited by law in the MPR and clubhouse area.
16. No pets are allowed in the MRP and clubhouse area.
17. Users are responsible for the cleanliness of the facility and its surroundings after use. All litters / waste foods, etc. shall be disposed into the bins provided. In the event that the bins are full, Residents shall provide their own trash bags into which all litters, waste foods etc., are disposed.
18. Users should not remove any furniture out of the MPR. All hired chairs, tables, equipment, or furniture that are brought into the MPR for the approved function must be removed within 24 hours or before the commencement of the next session, whichever is earlier. The Management reserves the right to remove any or all of such items after the period stipulated hereof, and the Management shall be entitled to charge the costs, if any, of such removal to the Residents. The Management shall not be liable for any such removal.
19. The Management reserves the right to claim an equivalent sum of monies from the Resident for damage caused and / or any additional cleaning services required and / or for any additional expense incurred in rectifying any such damage caused to the Common Property or for any irregularities or contravention of the rules and regulations. All costs incurred in cleaning the area or in making good any damage done shall be borne by the Resident concerned on an indemnity basis.
20. The Management reserves the right to use the above facility for official matters.
21. The Management, in its absolute discretion, reserves the right to reject any reservation / application and revoke any approval granted. The Management shall not be liable for any losses, damages or expense incurred arising from the rejection of the reservation / application or revocation of the approval.
22. The Management shall not be responsible for any loss or damage to any personal property, injury or death arising out of or in relation to the use of this facility.

SECTION 5 – BY-LAWS EXTRACT FROM SECOND SCHEDULE, OF THE SUPPLEMENT OF BUILDING MAINTENANCE AND STRATA MANAGEMENT ACT 2004

**PRESCRIBED BY-LAWS
Regulations 20 and 21**

1. Noise

A subsidiary proprietor or an occupier of a lot shall not create any noise on a lot or the common property likely to interfere with the peaceful enjoyment of the subsidiary proprietor or occupier of another lot or of any person lawfully using the common property.

2. Vehicles

- (1) A subsidiary proprietor or an occupier of a lot shall not
 - (a) park or leave; or
 - (b) permit any invitees of the subsidiary proprietor or occupier to park or leave, any motor vehicle or other vehicle on the common property except with the prior written approval of the management corporation.
- (2) The management corporation shall not unreasonably withhold its approval to the parking or leaving of a motor vehicle or vehicle on the common property.

3. Obstruction of common property

- (1) A subsidiary proprietor or an occupier of a lot shall not obstruct the lawful use of the common property by any person, except on a temporary and non-recurring basis.
- (2) If the management corporation has specified, by resolution, the manner in which furniture or large objects are to be transported through or on common property, a subsidiary proprietor shall not transport any furniture or large object through or on common property except in accordance with that resolution.

4. Damage to lawns, etc., on common property

A subsidiary proprietor or an occupier of a lot shall not, except with the prior written approval from the management corporation or as permitted by an exclusive use by-law made under section 33 of the Act for his benefit

- (a) damage any lawn, garden, tree, shrub, plant or flower being part of, or situated on, the common property; or
- (b) use for his own purposes as a garden any portion of the common property.

5. Alteration or damage to common property

- (1) A subsidiary proprietor or an occupier of a lot shall not mark, paint, drive nails or screws or the like into, or otherwise damage or deface, any structure that forms part of the common property except with the prior written approval of the management corporation.
- (2) An approval given by the management corporation under paragraph (1) shall not authorise any additions to the common property.
- (3) This by-law shall not prevent a subsidiary proprietor or an occupier of a lot, or a person authorised by such subsidiary proprietor or occupier from installing
 - (a) any locking or other safety device for protection of the subsidiary proprietor's or occupier's lot against intruders or to improve safety within that lot;
 - (b) any screen or other device to prevent entry of animals or insects on the lot;
 - (c) any structure or device to prevent harm to children; or
 - (d) any device used to affix decorative items to the internal surfaces of walls in the subsidiary proprietor's or occupier's lot.
- (4) Any such locking or safety device, screen, other device or structure must be installed in a competent and proper manner and must have an appearance, after it has been installed, in keeping with such guidelines as the management

corporation may prescribe regarding such installations, and with the appearance of the rest of the building.

(5) The subsidiary proprietor and occupier of a lot shall

- (a) maintain and keep in a state of good and serviceable repair any installation or structure referred to in paragraph (3) notwithstanding that it forms part of the common property and services the lot; and
- (b) repair any damage caused to any part of the common property by the installation or removal of any locking or safety device, screen, other device or structure referred to in paragraph (3) notwithstanding that it forms part of the common property and services the lot.

6. Behaviour of subsidiary proprietors and occupiers

A subsidiary proprietor or an occupier of a lot, when on a lot or the common property, shall be adequately clothed and shall not use language or behave in a manner likely to cause offence or embarrassment to the subsidiary proprietor or occupier of another lot or to any person lawfully using the common property.

7. Children playing on common property

A subsidiary proprietor or an occupier of a lot shall take all reasonable steps to ensure that any child, of whom he has control when playing upon the common property, shall not

- (a) Cause any damage to the common property; or
- (b) Create any noise likely to interfere with the peaceful enjoyment of the subsidiary proprietor or occupier of another lot.

8. Behaviour of invitees

A subsidiary proprietor or an occupier of a lot shall take all reasonable steps to ensure that his invitees (including customers and staff) do not behave in a manner likely to interfere with the peaceful enjoyment of the subsidiary proprietor or occupier of another lot or of any person lawfully using the common property.

9. Depositing rubbish, etc., on common property

A subsidiary proprietor or an occupier of a lot shall not deposit or throw on the common property any rubbish, dirt, dust or other material or discarded item except with the prior written approval of the management corporation.

10. Drying of laundry

A subsidiary proprietor or an occupier of a lot shall not, except with the prior written approval of the management corporation, hang any washing, towel, bedding, clothing or other article on any part of the parcel in such a way as to be visible from outside the subdivided building, other than at areas designated for the purpose and there only for a reasonable period.

11. Cleaning windows

A subsidiary proprietor or an occupier of a lot shall keep clean all exterior surfaces of glass in windows and doors on the boundary of the lot which are not common property, unless

- (a) the management corporation resolves that it will keep the glass or specified part of the glass clean; or
- (b) that glass or part of the glass cannot be accessed by the subsidiary proprietor or occupier of the lot safely or at all.

12. Storage of flammable materials

- (1) A subsidiary proprietor or an occupier of a lot shall not, except with the prior written approval of the management corporation, use or store upon his lot or upon the common property any flammable chemical, liquid, gas or other flammable material.

- (2) This by-law shall not apply to chemicals, liquids, gases or other material used or intended to be used for domestic purposes, or any chemical, liquid, gas or other material in a fuel tank of a motor vehicle or internal combustion engine.
- (3) Nothing in this by-law authorizes any subsidiary proprietor or occupier of a lot to use or store upon his lot or upon the common property any flammable chemical, liquid, gas or other flammable material in a manner that would contravene any relevant written law applicable to the use or storage of such substances or materials.

13. Refuse disposal

- (1) A subsidiary proprietor or an occupier of a lot within a strata title plan that has chutes or shared receptacles for the disposal of refuse or for recyclable material or waste shall
 - (a) ensure that before any refuse, recyclable material or waste is thrown into the chute or receptacle it is
 - (i) in the case of refuse, securely wrapped in plastic bags or other similar materials; or
 - (ii) in the case of recyclable material or waste intended for recycling, separated and prepared in accordance with the applicable recycling guidelines; and
 - (b) not dispose of any large object into the chutes which may obstruct the free fall of refuse in the chutes.
- (2) A subsidiary proprietor or an occupier of a lot within a strata title plan that does not have any chute or shared receptacle for the disposal of refuse or for recyclable material or waste
 - (a) shall maintain such receptacles within his lot, or on such part of the common property, as may be authorised by the management corporation, in clean and dry condition and (except in the case of receptacles for recyclable material) adequately covered;
 - (b) shall ensure that before refuse, recyclable material or waste is placed in the receptacle it is securely wrapped or, in the case of tins or other containers, completely drained or, in the case of recyclable material or waste intended for recycling, separated and prepared in accordance with the applicable recycling guidelines;
 - (c) for the purpose of having the refuse collected, shall place the receptacle within an area designated for that purpose by the management corporation and at a time not more than one hour before the time at which refuse, recyclable material or waste is normally collected;
 - (d) when the refuse has been collected, shall promptly return the receptacle to his lot or other area referred to in sub-paragraph (a);
 - (e) shall not place anything in the receptacle of the subsidiary proprietor or occupier of any other lot except with the permission of that subsidiary proprietor or occupier; and
 - (f) shall promptly remove anything which he or the refuse or recycling collector may have spilled from the receptacle and shall take such action as may be necessary to clean the area within which that thing was so spilled.
- (3) Nothing in this by-law requires any subsidiary proprietor or occupier of a lot to dispose of any chemical, biological, toxic or other hazardous waste in a manner that would contravene any relevant written law applicable to the disposal of such waste.

14. Keeping of animals

A subsidiary proprietor or an occupier of a lot shall not keep any animal upon his lot or the common property which may cause annoyance to the subsidiary proprietors or occupiers of other lots.

15. Duty to maintain lot

A subsidiary proprietor or an occupier of a lot shall maintain his lot including all sanitary fittings, water, gas, electrical and air-conditioning pipes and apparatus thereof in a good condition so as not to cause annoyance to the subsidiary proprietors or occupiers of other lots.

16. Lot not to be used for purpose injurious to building reputation

A subsidiary proprietor or an occupier of a lot shall not use his lot for any purpose (illegal or otherwise) which may be injurious to the reputation of the subdivided building.

17. Change in use of lot to be notified

A subsidiary proprietor or an occupier of a lot shall, without delay, notify the management corporation if the subsidiary proprietor or occupier changes the existing use of the lot.

18. Prevention of fire and other hazards

- (1) A subsidiary proprietor or an occupier of a lot shall not do any thing or permit any of his invitees to do any thing on the lot or common property that is likely to affect the operation of fire safety devices in the parcel or to reduce the level of fire safety in the lots or common property.
- (2) A subsidiary proprietor or an occupier of a lot shall also not do any thing or permit any of his invitees to do any thing on the lot or common property that is likely to create a hazard or danger to the owner or occupier of another lot or any person lawfully using the common property.
- (3) Without prejudice to the generality of paragraph (2), a subsidiary proprietor or an occupier of a lot shall not place, put up or display any article or object on or by any window or on any balcony of, or outside, the lot in a manner which is likely to cause any damage to property or injury to life to any person lawfully using the common property.

19. Control on hours of operation and use of facilities

- (1) The management corporation may, by special resolution, make any of the following determinations if it considers the determination appropriate for the control, management, administration, use or enjoyment of the common property, comprised in its strata title plan:
 - (a) that commercial or business activities may be conducted on the common property only during certain times;
 - (b) that facilities situated on the common property may be used only during certain times or on certain conditions.
- (2) Every subsidiary proprietor and occupier of a lot shall comply with a determination referred to in paragraph (1).

20. Provision of amenities or services

- (1) The management corporation may, by special resolution, determine to enter into arrangements for the provision of all or any of the following amenities or services to one or more of the lots, or to the subsidiary proprietors or occupiers of one or more of the lots comprised in its strata title plan:
 - (a) security services;
 - (b) garbage disposal and recycling services;
 - (c) cleaning or domestic services;
 - (d) promotional services or advertising.
- (2) If a management corporation makes a resolution referred to in paragraph (1) to provide an amenity or service to a lot or to the subsidiary proprietor or occupier of a lot, the management corporation must indicate in the resolution the amount for which, or the conditions on which, it will provide the amenity or service.

SECTION 6 – RECOMMENDED TIPS ON HOME MAINTENANCE

To retain the aesthetic and durable function of the materials and the components of your new home, the following brief notes have been prepared to help you.

1. Doors

- Use a clean dry cloth to remove all dirt or dust.
- Use non aggressive cleaning solution for cleaning.
- Any knocks from heavy, hard or sharp objects on the door panel will leave indentations and scratches.
- Door closer is required for the main entrance fire door.
- Slamming of door will damage the door.
- Do not leave water stain on the door and door frames, always maintain by using dry cloth to clean away any water stain.

2. Shower Screen

- No Thinner, Chemical & Acidic substances.
- Cleaning only with normal soap solution or washing detergent with mixture of water with soft sponge or micro-fiber cloth weekly.
- No scrubbing.
- No hitting with hard objects especially edges of the glass.

3. Mirror

- No spraying of any form of liquid at edge of mirror.
- Cleaning only with normal soap solution or mirror cleaning detergent with micro-fiber cloth, or commonly use of newspaper.

4. Internal Painting

Paint :

- Nippon Paint Interior Water Based Sealer (BS00E55)
- Nippon Paint Super Matex (BS00E55)

Do's :

- The painted wall surfaces should be cleaned with a damp cloth if required.
- For stubborn marks on the painted surface, rub the surface gently with a sponge using diluted mild household detergent.

Don'ts :

- Abrasive cleaning agent should not be used on the painted surface.

Natural Phenomenon / Occurrence: (if any)

- Hairline cracks may appear on the painted wall surfaces. If this occurs, patch up the hairline crack using putty or painted over with 1 coat of sealer and 2 coats of the finishing coats.

5. Quarella Marble Polished Surface

- The following indications should be considered guidelines for ordinary use in interior environments and in any case, do not modify the responsibilities of the final user.

Daily Cleaning :

- The materials of the Tradizionale and Flair series are made primarily of Calcium Carbonate. For this reason, we always advise the most delicate cleaning methods. The color and brightness of the material may be affected by acid or base substances, therefore, we suggest neutral PH detergents be used. For everyday cleaning, it is sufficient to pass a clean humid cloth on the surface and dry it off with a dry cloth. Alternatively, it is possible to wash the surface with a modest amount of neutral soap, such as common Marseilles soap, and then rinse and dry with a soft, dry cloth.

Attention :

- We advise you not to use detergents, cleaning or stain removal techniques that are not suitable for the purpose: wrong type of cleaning procedure could cause damage that only specialized technicians could correct. We advise you to always examine the label of the product you want to use, to ensure it is suitable for the purpose and, in any case, we suggest you test it, according to the instructions for use on the package, in a small area of the surface that is hidden from view.

Important :

- We advise you not to leave food on the surface, such as oil (whether olive oil or seed oil), wine, tea, coffee, fruit juices, beverages (such as Coca Cola) fruit and vegetables (cut) or products for personal hygiene, such as toothpaste, perfumes, after shave, etc. Some of the substances contained in these products may be aggressive. Therefore, in order to safeguard the surface, they should be removed as quickly as possible and the surface should be rinsed with water and dried. In the case of oily substances, the surface should be washed with a neutral soap.

How to treat the most resistant stains

- If the surface has encrustations of flux or dried stains, we advise you to remove the solid part with a knife. A plastic knife would be best, but care should be taken in any case. If residue remains, a common detergent may be used, or slightly abrasive cream (such as CIF cream), rubbing the surface with a circular movement. Following this treatment, the surface must obviously be rinsed with hot water and dried.
- Many types of stains can be removed effectively with special no-abrasive sponges (such as Magic Rubber by Mastro Linda, Easy Erasing Pad by Scotch Brite, etc), which can be found easily in large scale distribution centres or in shops specialized in home cleaning products. In any case, we always advise caution in using the above products.

Precaution

- Always avoid any exposure to chemical products. If any chemical substances have been accidentally spilled on the surface (products for the cleaning of metals, oven or brushes, paint, acids, solvents and products with an acetone base, highly alkaline substances, etc), we advise immediate removal with a cloth or paper, followed by abundant rinsing.

- Quarella Tradizionale and Flair products are built to resist shocks, nevertheless it is recommended not to apply excessive force or pressure on the material. Try not to strike the surface or place excessively heavy weights on it. Additionally, we suggest the user avoid sitting on or climbing on to the kitchen and bathroom counters with your feet, for any reason.
- The application of filming or coating products on Quarella surfaces could cause variations in the aesthetic effects of the product, which are hard to foresee.

6. Timber Floor

General Precautions:

- Fit protective pads to furniture legs to reduce risk of damaging the floor. To protect the floor surface use protective mats for furniture with castors. Lay rugs over the clean floor so dirt is not trapped underneath.
- Dirt and grit can lead to excess wear and scratching of a hardwood timber floor. Use dirt trapping mats at all exterior doors to minimize dirt, sand and grit that might be brought inside. Small rugs and hall runners are also helpful for collecting the dirt that can scratch a hardwood timber floor.
- All hardwood timber floors will fade, darken or change shades over time. Exposure to sunlight will increase this process. Rotate rugs periodically and protect the floor from direct sunlight with curtains or blinds.
- High heel shoes can dent a hard floor surface. Special care should be taken to remove shoes that have exposed heels with sharp points to avoid potential damage to a hardwood timber floor.
- Pets with long nails or claws can scratch and dull the floor finish, make sure pets nails or claws are trimmed regularly and kept blunt.

Cleaning Tips:

- To remove surface dirt and grit, regularly sweep or vacuum with a soft bristle head. Keep door mats clean.
- For stubborn dirt, damp-mop the floor using a well rung mop as over wetting a floor when mopping or cleaning can change the moisture balance and cause a floor to expand, with some resulting in cupping. For this reason, it is important to ensure that mops and cloths are well rung so that as little water solutions as possible wets the floor.
- Never clean a floor with common household detergents, polishes, steel wool pads, wax or similar products. These products can be too abrasive and scratch the surface, or may make a floor dangerously slippery. Some products may leave a film of silicon or wax on the timber which may hamper recoating of your floor in the future. Never use Spirits of Kerosene, as any type of petroleum distillate will degrade the coating and irreversibly dull the floor.
- Wipe up spills and leaks promptly with a dry cloth or dry paper towel. For sticky substances, moisten the cloth slightly.
- Steam mops are not recommended for cleaning timber floors. Steam (moisture) is forced into the joints of the timber and any small incisions, breaks or cracks on the timber floor surface resulting in unusual reactions in the timber such as cupping. The heat from the steam mop could also cause damaged to the coating on the floor.

7. Ironmongery

Do's :

- Back plate and rose fixing should be checked periodically for tightness.

- The spindle grub screw (found on the lever and pull handles) should be checked periodically for tightness.
- If dirty markings develop on the ironmongery over time, wipe them with a soft dampened with mild household warm water.

Don'ts :

- Do not use soap/water solution on the surface. However, a damp cloth can be used for markings that cannot be easily removed.
- Chemical sprays, cellulose based thinners and silicone based polishes should be avoided on the ironmongery.
- Keep the ironmongery away from water. Penetration of water into the internal mechanisms can cause corrosion.

8. Kitchen Cabinets / Wardrobes

Here are a few simple suggestions to make your cabinets / wardrobe care easier.

a. Do's :

- Clean cabinets as needed with a mild detergent or with soap and water (use sparingly) and dry well using a lint-free cloth for both washing and drying.
- Wipe the surfaces with a clean, damp cloth, then dry immediately.
- Wipe up spills, splatters and water spots as they occur, keeping cabinets and countertop surface dry. Always remove excess liquid promptly, especially in moisture-prone areas, such as sink, range, dishwasher and baseboard areas.
- Use cleaners and polishes designed for wood cabinets and clean all surface as needed.
- Follow instructions carefully for self-cleaning ovens and other kitchen appliances around cabinets.
- Observe routine cleaning to prevent long-term damage from smoke and grease. To remove general soil or grease, use any common dishwashing liquid and a damp cloth to wipe clean. Do thoroughly.
- Avoid draping damp cloths or dish towels over cabinet door. Overtime, this moisture could cause permanent water damage.

b. Don'ts :

Important : Do not use abrasive cleaners, scouring pad or powdered cleaners. These materials may penetrate the cabinet finish allowing moisture to enter and cause deterioration. For cleaning products :

- Do not use harsh chemicals.
- Do not use sponges or dish clothes. They may contain particles that could scratch your cabinets, or they may contain food and oil residue.
- Do not use solvent-based or petroleum-based products such as mineral spirits, nail-polish removers or paint thinners.
- Do not use ammonia or cleaning products that include ammonia.
- Do not use bleach or cleaning products that include bleach.
- Do not use silicone-based cleaning, waxing, or polishing products.
- Do not leave wet cloth on or near cabinet.
- Do not allow oven cleaners or other caustic cleaners to the cabinets.
- Avoid exposing to direct sunlight which can cause exposed areas to lighten or darken overtime. Consider draperies or blinds to shield your cabinets from direct sunlight.

c. Cleaning of Fronts

- Essentially, the cleaning of all fronts should be performed with the regular water-soluble cleaning materials normally used around the house. Please do not use any aggressive or abrasive materials.

Tip :

- If in doubts as to the reaction of the chosen cleaning material on the surface of the front, we recommend first testing the effect of the cleaning materials on the color and durability of the inconspicuous section.

d. Cleaning Plastic Fronts

- Plastic fronts can be cared for, with the regular water-soluble cleaning materials normally used around the house. Please do not use any scouring cream.
- Depending on how dirty the item has become, you should apply the cleaning material to the front, diluted with a little water. Afterwards, rinse away with pure water any cleaning material that may remain, and wipe the door dry.
- Please do not use any cellulose thinners or synthetic resin thinners when cleaning these fronts, as nitro-based materials are not suitable for the cleaning of foil and plastic fronts.

e. Cleaning of Soft-Matt Surfaces

- Marks made by highly-coloured substances and liquids should be washed away as soon as possible using water, and adding a regular household cleaning material if necessary. Please do not allow such marks to dry, and please be sure not to use any aggressive or abrasive cleaning materials. Any reminders of such marks, or any difficult cases such as remnants of fat or similar, may be brushed away using a warm, 30% solution of soap in water, applied with a nail-brush. Should it prove necessary, this process should be repeated several times. In the case of particularly stubborn markings, it is also possible to use a little white spirit or glass cleaner.
- Following this, the remainders of soap should be wiped away with lukewarm water and the surface should be wiped dry with a chamois cloth.
- When using regular household cleaning materials, it is essential to take care not to apply any coloured cleaning materials in a concentrated or undiluted form, because coloured cleaning materials are also capable of leaving residues behind. Liquids that have permeated these surfaces, or dried onto them, can only be removed to a limited extent.
- Please bear in mind that this lacquered surface is not proof against thinners, nail polish removers or undiluted chemical spirits.

f. Cleaning of Plastic Parts

- Shallow drawers, cutlery compartments, inset basins or compartments, Plastic side-sections, refrigerators and freezers can be cleaned using a mild cleaning material and a soft cloth. Please do not use any aggressive or abrasive cleaning materials.

g. Cleaning of Stainless Steel Back Panel

- Regular dirt can simply be removed using water and conventional washing-up liquid. Following this, rinse away with warm water and wipe dry. For stubborn dirt and water-spotting, we recommend the use of a specialized stainless steel

cleaner. This will provide additional protection by means of a water-repellent coating. Please do not use any aggressive or abrasive cleaning materials.

h. Maintenance of Moving Parts

- Hinges, especially those on doors are used frequently, should be oiled once or twice per year. This applies also to other functioning fittings with steel hinges. No maintenance is required on moving parts made of plastic.

i. Care and Maintenance of Acrylic Surfaces

- Normal cleaning only requires a damp cloth and a mild cleanser. If you've chosen a matte finish, you can use an abrasive cleaner like Ajax or Comet. If you do use an abrasive cleaner, we recommend periodically cleaning the entire surface in a circular motion to maintain uniformity.
- Avoid using strong acidic cleanser (like those designed for drains, toilets or ovens). Some of them can cause whitening, which can be difficult to remove.
- Do not place pans directly from the burner or oven on your countertops. Although acrylic surface can withstand temperatures of up to 225 degrees, prolonged or extreme heat can cause yellowing.
- Troublesome spills and stains, like food dye, tea and fruit drinks can be removed with full strength bleach followed by a general cleaner flushed with water. Be sure and not let the bleach remain on the surface for more than five minutes. If a lit cigarette should come in contact with your countertop, a nicotine stain or a scorch mark can occur. Simply use an abrasive cleaner or buff in a circular motion with a Scotch-Brite pad to remove.
- Do use preventative cleaning measures to keep your stone pristine.
- Do use sealers, applied and reapplied according to manufacturer's directions.
- Do blot up spills quickly, especially on marble, and the wash with mild soapy water.
- Don't use any kind of acidic cleaner on marble, limestone or travertine.
- Don't use harsh bathroom cleaners or grout cleaners on any natural stone.
- Don't be afraid to call your stone dealer for suggestion on maintenance, care, and cleaning.
- Don't worry, if you get a significant stain or scratch, that your entire natural stone investment is ruined. Virtually anything can be fixed with professional help.

j. Façade Maintenance Manual

- Adding additional forces on curtain wall system is not recommended.
- Neutral Cleaning Material for glass surface is recommended.
- It is recommended to clean the glass surface with a smooth wiper.
- Acidic cleaning material is prohibited for surface cleaning.
- Keep at least 25mm clearance for curtain wall system movement when positioning the interior decoration.

**Application For Addition & Alteration Works
(To be submitted by Owner)**

Particulars of Applicant

Unit No.: _____ 76 Shenton

Name of Owner: _____

Telephone No.: (Home) _____ (Office) _____ (Mobile) _____

Particulars of Contractor

Name of Contractor(s): _____

Person in Charge: _____ Tel/HP No.: _____

Date of Commencement:: _____ Expected date of Completion: _____

Renovation deposit S\$2,000.00 (Refundable), forwarded to “M/S Hong Leong House Pte Ltd - 76 Shenton MF A/C”

Details of Works:

1. _____
2. _____
3. _____
4. _____

P.S. Any modification pertaining to the structure within the unit must be accompanied with a professional certification from the project structural engineers.

I/We, _____ have read and agreed to abide by the House Rules pertaining to renovation works. I/We attach herewith the necessary plans, sketches and details of the proposed renovation works (in duplicate).

I/We also understand and agree:

- (a) that I/We shall bear full responsibility to ensure full compliance of the applicable House Rules and other relevant rules and regulations as may be prescribed or implemented by the Management from time to time;
- (b) that I/We will be responsible for ascertaining the requirements of the relevant government authorities for the proposed renovation works and shall also ensure that prior to commencement of the proposed renovation works:
 - (i) all relevant government clearances or approvals (if required) are obtained for the proposed renovation works, and
 - (ii) to furnish to Hong Leong House Pte Ltd at, #01-08 Management Office, 76 Shenton, Singapore 079119 a copy of the government clearance or approval obtained; and
- (c) to procure my contractor(s) to produce to the Condominium Manager at the Management Office the duly endorsed copy of the Application For Renovation (**together with a copy of the government clearance(s) or approval(s) as mentioned under item (b) (ii) above if applicable**) prior to commencement of renovation works, failing which, I/We note that the contractor(s) will be denied access/entry to the estate. Further, if any of the House Rules pertaining to renovation works or otherwise is not complied with by the contractor(s) and/or any of their worker(s), the Developer and/or the Managing Agent shall be entitled to utilise the Renovation Deposit or any part thereof to carry out the necessary works and/or for compliance of the House Rules.

Disclaimer: It is not the responsibility of M/s Hong Leong House Pte Ltd and/or its Managing Agent to verify the accuracy of the plans/sketches and details submitted hereunder and neither of them shall be held responsible for any loss or damage of property or personal injury or death howsoever caused arising from (i) any error in the said plans, sketches or details and/or (ii) the carrying out of the proposed renovation works.

We confirm that you are authorised to use the Service Lift No. _____

on _____ from _____ to _____
(Date) (Start Time) (End Time)

Please report and register at the Guard House.

Name of Approving Officer Signature of Approving Officer Date

Note: Application form shall be completed and handed or faxed to the Management Office at least forty-eight (48) hours in advance for use of the service lift.
Booking of service lift is subject to availability. Contractors shall only use designated lifts (lift with Perspex, canvas or plywood protection) to transport their building materials or debris. If the protection is dismantled, the contractors shall provide their own material to protect the lift components adequately.

CONDITIONS (Use of Service Lift)

Resident(s) shall be required to obtain the Management's acknowledgement letter for renovation / addition & alteration works and house moving.

Resident(s) shall be held liable for any damages to the Common Property fittings and / or fixtures caused, as a result of their usage of the lift.

There shall be no booking of lifts after office hours. The Management reserves the right to reject any application for delivery / transportation on Sundays and Public Holidays.

All bookings shall be made by the Resident(s).

All bookings shall be based on first-come-first-served basis.

The maximum booking shall be two (2) hours per day per Unit.

Contractors shall provide their own material (Perspex, canvas, plywood, etc.) to protect all lift components appropriately and adequately.

All appointed contractors shall only park their vehicles at designated areas by the Management.

Contractors shall not halt the lift by inserting a stopper between the lift doors.

Contractors shall ensure the lift is not overloaded when transporting bulky furniture or items.

Subsidiary Proprietor(s) shall bear full responsibilities to ensure compliance with any other guidelines as highlighted in the section "Renovation / Addition & Alteration Works" and "House Moving" of the Residents' Handbook.
